optomap®
Retinal Exam

In our continued efforts to bring the most advanced technology to our patients, we are proud to announce the inclusion of the **Optos Daytona Retinal Exam** as an integral part of your exam today.

Our doctors are concerned about retinal problems including macular degeneration, glaucoma, retina holes or detachments, and systemic diseases such as diabetes, stroke and high blood pressure. These conditions can lead to serious ocular or health problems, including partial loss of vision or blindness, and often develop without warning and progress with no symptoms.

Optos Retinal Exam Benefits:
- An in-depth view of the retinal layers where diseases can start. (See video on monitor)
- Provides a panoramic digital image at the time of your exam to discuss and answer questions about your eye health.
- This also provides an annual, permanent record on your medical file, which gives doctors comparisons for tracking and diagnosing potential eye disease.

Optos Retinal Exam	**Dilation**
No blurry vision	Blurry vision 3-5 hours
No Light Sensitivity	Light Sensitive 4-6 hours
Takes less than two minutes	25 minutes longer exam time
Permanent digital image	No permanent record of retina

Insurance typically does not cover any advanced screening technology beyond the general exam, but it is eligible for flexible spending account reimbursement. **Our doctors highly recommend the Optos Retinal Exam for all patients. This will be done as an enhancement to the general eye exam for a fee of $30.**

Our recommendation is an annual retinal evaluation including Optos Retinal photo; if there are any risk factors detected we will proceed with a dilation to further assess any concerns.

_____**Accept Optos Photo ($30)**
_____**Decline - I would prefer to be dilated (no charge)**
_____**Decline both Optos & Dilation**

Insurance Policy

There are two types of health insurance that will help pay for your eye care products and services. You may have both types, and The Vision Center accepts most insurance plans in both categories:

1. Vision plans (such as Davis, VSP, EyeMed and others)

2. Medical insurance (such as Empire Plan, Blue Cross/Blue Shield, Medicare and others).

- Vision plans only cover routine vision "wellness" exams, along with eyeglasses and contact lenses. Vision plans do not cover medical eye care (the diagnosis, management or treatment of current or potential eye health problems).
- Medical insurance must be used for medical eye care. Refraction (checking your prescription) is not a covered service under medical insurance, and will be due at the time of service ($20.00 charge).
- Medical insurance must be used if you have an eye health problem (i.e. dry eyes, cataracts, infections) or a systemic health problem that has possible ocular complications (i.e. Diabetes). This includes medications that have ocular side effects (i.e. Plaquenil). Your doctor will determine if these conditions apply to you, but some are determined by your case history.
- **ANNUAL EYE HEALTH EXAMS FOR DIABETIC PATIENTS WILL ONLY BE BILLED TO YOUR *MEDICAL* INSURANCE, BUT YOU MAY USE YOUR *VISION* PLAN FOR EYEWEAR.**
- If you have both types of insurance plans, it may be necessary for us to bill some services to one plan and some services to the other. We will follow a procedure called coordination of benefits to do this properly and to minimize your out-of-pocket expense.
- Your insurance policy is a contract between you and your insurance company. We will attempt to verify your coverage ahead of your appointment. Although we are familiar with most plans, we may not know exactly what your coverage is for a particular product or service. It is your responsibility to understand your plan before your appointment.
- We will try to collect all co-payments due while at the office, but if we fail to collect all co-pays or our reimbursement from your insurance company is less than was estimated while at our office, we will bill you for the amount allowed in your policy. Some examples of these charges are: deductibles, co-payments or non-covered products or services.
- Please provide your insurance cards to our staff member so we can make a copy. We need to have your medical insurance card on file in case we should need to submit a claim on your behalf.

I understand my financial obligations and agree to pay all charges that are not paid by my insurance plan:
